TRANSFER OF WELL OWNERSHIP

(To be completed by the new well owner)

RULE 3.3.7 – PERMIT AMENDMENTS AND CHANGES

a) Change in Ownership – Operating permits are granted conditionally and are granted to a specific owner and type of water use. A permit may not be transferred by the holder. Provided that the new owner or operator maintains the same type of use of the well, makes no substantive changes to the well and fulfills any applicable requirements to the District, the General Manager may issue an operating permit without Board approval or need for public hearing for the duration of the original permit at a prorated application fee, if any.

Is this a permitted well? () Yes () No

Within ninety (90) calendar days after the date of change in ownership of a well or well system, a permit holder must notify the District in writing of the name of the new owner. Failure to provide written notice in the appropriate time frame will cause the permit to lapse and a new permit application will need to be submitted to the District for approval.

I agree to abide by the District's rules and to put all water withdrawn from this well to beneficial, non-wasteful use at all times.
